Most exciting show I have seen so far this year: last night's concert at [Zinc Bar](#) by vibraphonist/singer [Erik Charlston](#) and his super Brazilian sextet, channeling Brazilian genius [Hermeto Pascoal](#). The live gig included a different, but absolutely killer rhythm section of Vitor Goncalves (piano, accordion), Eduardo Belo (bass), Café (percussion) and [Mauricio Zottarelli](#) (drums), as well as the wonderful multi-reeds player Charles Pillow. Their new album "Hermeto: Voice and Wind" is stunning. https://youtu.be/CAoMqrVgg_s via @YouTube

Thank you for your super kind words Allen! I had a lot of fun learning and playing Erik's arrangements and music for this show.
